

How can I find a picture of a ship?

SA Maritime Museum Passengers Database

We have posted over 1,000 pictures of ships in our Passengers Database which can be seen at the Maritime Museum.

We hold a collection that includes upwards of 4,000 pictures of ships in the Australian trades and our volunteers are working to place those online.

There are other sources online.

Online sources

Australian libraries

In September 2000 the National Library of Australia presented the website Picture Australia as a gateway to several major collections of pictures held by Australian libraries. You can search Picture Australia through the National Library's gateway Trove.

The State Library of South Australia holds an outstanding collection of maritime pictures. You can search them through the State Library's own website.

The State Library of New South Wales's pictures collection can be searched through its website.

The State Library of Victoria's collection can be searched on their website.

The State Library of Western Australia's catalogue can be searched on their website.

The State Library of Queensland's picture collection can be searched on their website.
